

d-COLOR P3100

STYLE IN THE OFFICE

Compact and lightweight, the d-Color P3100 printer has a stylish, sophisticated design. Easy to use, fast and functional, this printer is intended for advanced professional users and complex workgroups, guaranteeing excellent printing quality and low energy and paper consumption.

STYLE AND QUALITY IN A COMPACT SPACE

The d-Color P3100 is the perfect solution for users who want their printer to provide quality as well as functionality. Quality reflected in a smart, compact design, superior colour printing, paper capacity of up to 850 sheets for the A6 and A4 formats (250 sheets in the standard tray, 500 sheets in the optional tray, 100 sheets in the By-Pass).

STYLE AT TOP SPEED

The d-Color P3100 is not just superior printing quality, but also high printing speed. It delivers up to 31 pages per minute, with the first page out in just 12.9 seconds. The standard duplex function guarantees a reduction in paper consumption and archive space, while the USB port and 4-line LCD display make it possible to print directly from memory sticks.

STYLE THAT CARES FOR THE ENVIRONMENT

Perfect print-outs in next to no time, and full respect for the environment. The d-Color P3100 minimises use of energy and paper, providing savings for the user and keeping a close eye on the environment.
